Purportedly "Leaked" Classified: TOP SECRET Documents circulating on the website 4chan, say that Israel will conduct a large scale military "pre-emptive" attack against Iran nuclear sites "as early as" this week.

The authenticity of the documents cannot be confirmed, but after initial analyses it seems likely that it is indeed a leaked, CLASSIFIED, TOP-SECRET document.

The "leak" appears in three (3) separate images uploaded to the publicly-accessible website 4chan. The first page appears to be the summary page, outlining that US Intelligence has "CONFIRMED" Israel is in its final planning stage for a major military "Aerial Assault" and a "Cyber Offensive" attack upon Iran nuclear sites, to take place in "early March."
